Hamza Mohamad

Portfolio | GitHub | LinkedIn

Montreal - Canada | (514) 661-1411 | hamzah.labib@gmail.com

Software Developer with hands-on experience in full stack development, Unity and C# development, automation testing, backend APIs, and troubleshooting. Skilled in building scalable web and mobile applications using C#, JavaScript, React, React Native, Node.js, Express, MongoDB, SQL, and REST APIs. Experienced in debugging, performance optimization, CI/CD workflows, and cross functional collaboration. Strong background in electrical engineering and technical systems, bringing a practical problem solving mindset to software development.

HIGHLIGHTS OF CORE COMPETENCIES

Software Development

- Backend Development: Node.js, C#, C++, REST APIs, SQL, MongoDB
- Frontend Development: React, JavaScript, CSS, React Native
- Architecture & Design: OOP, SOLID, Design Patterns (Factory, Strategy), Event-Based System
- Testing & Debugging: Unit Testing, Integration Testing, Profiling

Tools & Deployment

- Version Control: Git, GitHub, Bitbucket, Jira
- Deployment & Platforms: Docker, Netlify, Vercel, EAS, WebGL, Visual Studio
- Data & ML: TensorFlow, Google Cloud (ML Certification), Vertex AI

Soft & Professional Skills

- Process Improvement & Workflow Optimization
- Technical Documentation & Reporting
- Technical Leadership
- Strong Problem-Solving, Adaptability & Communication Skills
- Team Collaboration and Result Oriented
- Thrive in flexibility and creative work environment

WORK EXPERIENCE

Engineering Laboratory Technician
McGill University - Canada
March 2026 – Present

- Support laboratory operations including equipment setup and calibration.
- Troubleshoot and maintain electrical, electronic, and hardware systems.
- Ensure safe and proper use of laboratory equipment and materials.
- Provide technical support to students during lab sessions.

Game Developer
Altagram Inc Group - Canada
June 2023 – March 2026

- Led rapid prototyping of game concepts in Unity (C#), solving complex design challenges**.**
- Boosted performance through codebase optimization, identifying and refactoring bottlenecks.
- Engineered dynamic content update system, using “System.IO” and Unity's “TextAsset” resources.

.NET Developer
Visualhawk Solution Inc - Canada
December 2022 – May 2023

- Developed and implemented complex gameplay features in Unity (C#), boosting user engagement.
- Built core systems including character movement, camera and UI elements for smooth user experience.
- Optimized VR performance through debugging, profiling, and performance tuning.
- Contributed to agile sprints by resolving critical issues and aligning with project milestones.

PROJECT EXPERIENCE

Full-Stack & Mobile Applications Developer
Circuit Stream - Canada
October 2024 – August 2025

- Designed and developed multiple full-stack and mobile apps across frontend, backend, and deployment
- Built RESTful APIs using Node.js and MongoDB (authentication and CRUD).
- Developed responsive web and mobile interfaces using React and React Native.
- Integrated third-party APIs (OpenWeatherMap, Google Maps) for real-time functionality.
- Implemented secure authentication, protected routes, and structured data management.
- Deployed applications using Render, Netlify, and Expo (EAS).
- Applied OOP principles, modular architecture, debugging and performance optimization best practices.

Key Applications:

- **EmoNest:** Emotional regulation app for children with chatbot, mood tracking, and parent dashboard
- **Weather Whisper:** Weather app with real-time data and unit conversion
- **Note App:** Full-stack CRUD application with authentication
- **Foodie Finds:** Location-based restaurant discovery app

EDUCATION

Bootcamp, Software Development
2024 – 2025
McGill University & Circuit Stream - Canada

Postgraduate Diploma: Game Programming
2021 – 2023
Higher Institute of Computer Science, ISI - Canada

Bachelor of Engineering: Electronic and Electrical Engineering
2013 – 2019
Higher Technological Institute, HTI - Egypt

CERTIFICATIONS

- Machine Learning Engineer Professional Certificate, Google Cloud
- Meta AR Developer Professional Certificate, Meta
